## Information and Guide Map

### Welcome to the 4th Annual Gateway Arts District Open Studio Tour!

The staff and board of Gateway CDC are dedicated to building the Gateway Arts District, an ongoing community driven initiative that proudly hosts the highest concentration of working artists in Prince George's County. We applaud the contributions of Gateway Arts District residents, artists, activists and volunteers from Mount Rainier, Brentwood, North Brentwood and Hyattsville that have dedicated their efforts, time and resources into building this creative community.

This year we especially applaud **EYA: Arts District Hyattsville** for providing Hyattsville artists with a wonderful exhibiting space at the newly remodeled Lustine Showroom and for the emergence of much anticipated arts friendly businesses.

In the very near future, look out for the opening of **The Brentwood Arts Center (BAC)**, which will house the PG Park's Division of Arts and Cultural Heritage and will provide visual artists with a secure and affordable workspace in the arts district—applications are still welcomed!

Don't miss **Michael Platt: Lost and Found**, at the **H & F Fine Arts Gallery** through the month of May. Platt's installation of Shot Gun Houses and printmaking is a must see!

Enjoy your travels through the Gateway Arts District in today's Open Studio Tour!
